

Description

Serrated nose pieces, Drill depth control, Knurled comfort grip, Works with any drill, Smooth operation. This innovation to our rivet removal tool allows it to remove those stubborn Pop, Avdel, Cherry-Q, and other blind rivets. The serrated nose piece fits over any button head, round head, or universal head rivet and locks in place to keep it from spinning as it's being drilled out. This rivet removal tool will also remove solid rivets. Our rivet removal tool comes complete with four threaded drill bits and guides for removing 3/32", 1/8", 5/32" and 3/16" universal head (AN470) solid rivets.

Note: This is a commercial item your order may not include manufacturer certs.
