## P/N MS25226-2-6 Specifications

|                                                       |                                                                                          |
|-------------------------------------------------------|------------------------------------------------------------------------------------------|
| <b>Body Cross-sectional Shape:</b>                    | Rectangular W/edge Radius                                                                |
| <b>Overall Length:</b>                                | 3.408 Inches Nominal                                                                     |
| <b>Cross-sectional Height:</b>                        | 0.032 Inches Nominal                                                                     |
| <b>Cross-sectional Width:</b>                         | 0.250 Inches Nominal                                                                     |
| <b>Mounting Configuration:</b>                        | Six 0.147 In. Dia Holes 0.594 In. C To C                                                 |
| <b>Construction:</b>                                  | Solid                                                                                    |
| <b>Material:</b>                                      | Copper                                                                                   |
| <b>Material Document And Classification:</b>          | Qq-c-502 Fed Spec Single Material Response Or Qq-c-576 Fed Spec Single Material Response |
| <b>Surface Treatment:</b>                             | Cadmium                                                                                  |
| <b>Surface Treatment Document And Classification:</b> | Qq-p-416, Type 2, Class 3 Fed Spec Single Treatment Response                             |

## How to Order

Order this conductor bus from our inventory online by visiting <https://military-fasteners.com/electrical/conductor+bus/MS25226-2-6> and selecting the quantity you want then click "add to cart". Once items are in your cart you can check out [here](#) to complete your order.
